OUTSTANDING ISSUES

Transportation

1. Erwin Road: The future location of curb and gutter is 24 feet from centerline of the road. The petitioner should revise the site plan and commit to construct the curb and gutter at its ultimate location. The site plan should revise the site plan to label and dimension the curb and gutter from the road centerline. Technical Clarification. 24 feet is measured from existing centerline to proposed back of curb. Please incorporate 24 feet into the proposed site plan.
2. The petitioner should revise the site plan and conditional notes(s) to include a stop bar and stop sign at the proposed intersection of the "new" street & Erwin Road intersection.

REQUESTED TECHNICAL REVISIONS

Site and Building Design

3. Under site development data, change the proposed uses to "as allowed in UR-2(CD)" instead of R-8MF.
4. On the site development table, limit the total units allowed to 30.
